- The vaccines listed above are kept in stock at our clinic.
- When making an appointment please advise reception staff which vaccination you require (to ensure supply).
- If vaccinations are required for work purposes they may be claimed within your annual tax return. Please keep your receipts.
- Private Health funds often give large rebates for vaccines. Check with your fund.
- ❖ Recheck immunity levels at this time (blood test). A booster vaccination may be required to raise immunisation level.
- **R** Rapid dosing schedule available. Recommended for those in high risk groups only.
- ○ Oral vaccine dose at day 1, 3, 5 & 7 gives 5 years protection
- ● Only requires two doses for lifelong immunity. □ Imojev - Needs to be paid for prior to special order when required
- † Influenza vaccines : Fluvax \$20, FluQuadri \$30
